

Where People and Nature Thrive

Advise. Create. Maintain.

**THE UK AND EUROPE'S LEADING PROVIDER OF GREEN ENVIRONMENTAL
SERVICES. DELIVERING SUSTAINABLE EXPERTISE IN GROUNDS
MAINTENANCE AND LANDSCAPE CREATION.**

ABOUT IDVERDE

idverde is the UK's leading provider of grounds maintenance and landscape creation services. We deliver end-to-end solutions for the creation, care, and management of outdoor spaces, tailored to meet the unique needs of public and private sector clients.

Our in-house experts offer a comprehensive range of services, including landscape design, open space management, grounds maintenance, arboriculture, tree surgery, civil engineering, biodiversity and waterways management, sports surfaces, and more.

Quality and safety are at the core of everything we do. With full industry accreditation, we ensure every project is delivered to the highest standards, safely, efficiently, and sustainably.

We're committed to making a positive impact, supporting biodiversity, protecting the environment, and enhancing wellbeing in the communities we serve.

NATIONAL PROVIDER, LOCAL SERVICE

With over 4,000 directly employed colleagues and 140 depots across the UK, idverde combines national strength with local delivery — ensuring expert service, wherever you need it.

Grounds Maintenance

SERVICES

Your outdoor spaces shape first impressions, for visitors, colleagues, customers, and communities. At idverde, we make sure that impression is a lasting, positive and green one.

We deliver expert grounds maintenance across the UK for public and private sector clients, including local authorities, housing providers, schools, universities, retail parks, commercial estates, and more. Our services are tailored to your environment and include;

Grass cutting

Horticulture

Pond Restoration

Weed control

Street cleansing

Litter picking

Conservation
& biodiversity

Tree maintenance

Interior
Landscaping

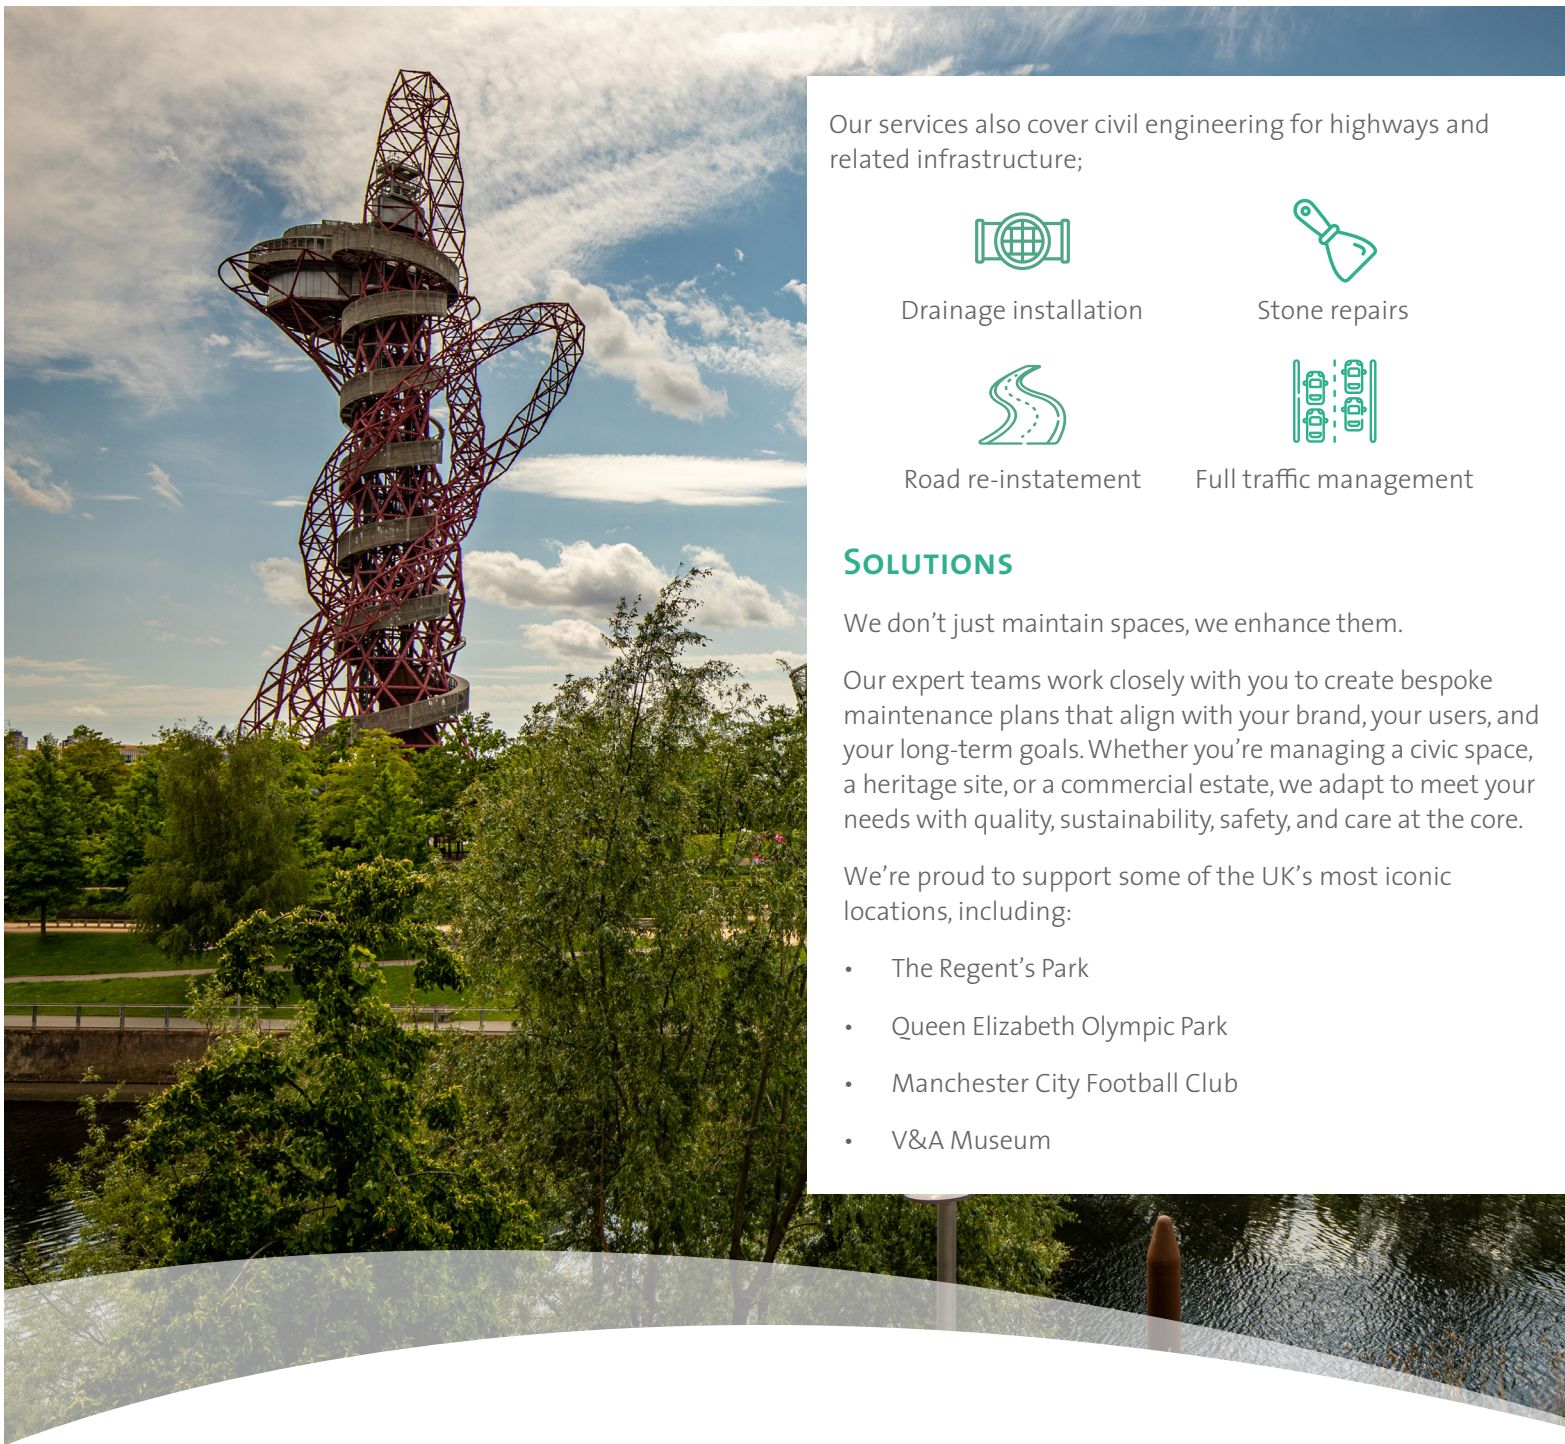

Hedge pruning &
trimming

Winter
maintenance

Outdoor planters

Our services also cover civil engineering for highways and related infrastructure;

Drainage installation

Stone repairs

Road re-instatement

Full traffic management

SOLUTIONS

We don't just maintain spaces, we enhance them.

Our expert teams work closely with you to create bespoke maintenance plans that align with your brand, your users, and your long-term goals. Whether you're managing a civic space, a heritage site, or a commercial estate, we adapt to meet your needs with quality, sustainability, safety, and care at the core.

We're proud to support some of the UK's most iconic locations, including:

- The Regent's Park
- Queen Elizabeth Olympic Park
- Manchester City Football Club
- V&A Museum

Landscape Creation

SERVICES

idverde provides expert landscape design support for clients across parks, housing developments, and public realm projects.

Our multi-disciplinary team delivers award winning schemes, from concept to completion, combining hard and soft landscaping expertise with deep practical knowledge from our work across the UK & Europe.

Whether it's enhancing urban spaces or creating new green infrastructure, we offer a full-service approach backed by real-world delivery experience.

OUR SERVICES INCLUDE;

Landscape design

Landscape creation

Fencing

Restoration

Bespoke play design and maintenance

Tarmac and pathways

Water drainage system

Paving

Car park construction

Tree planting

Roof gardens

Living walls

SOLUTIONS

We design with purpose, creating green spaces that enrich communities, support biodiversity, and reflect local character.

By working in partnership with clients, local authorities, and community groups, we:

- Identify opportunities for sustainable development
- Enhance habitats and promote well-being
- Deliver inclusive, climate-conscious landscapes

Our designers collaborate closely with our Parks Management, Ecology, and Biodiversity teams, ensuring each project is not only visionary, but practical and future-ready.

House Builder Services

SERVICES

With over 20 years of experience, idverde supports national housebuilders across the UK with a complete soft landscaping and grounds maintenance solution. From turfing and planting to tree works and aftercare, our cost-effective 'one-stop service' ensures high-quality delivery without compromise. Customer satisfaction and curb appeal remain at the heart of everything we do.

Our aim is to maintain aesthetically pleasing and eye-opening spaces to maximise curb appeal.

Arboriculture Services

SERVICES

idverde delivers professional tree surgery services through fully trained, qualified, and insured arborists. Our offer includes pruning, felling, deadwooding, and full tree maintenance, delivered in line with BS3998 (2010) and BS5837:2012 standards.

OUR SERVICES INCLUDE;

Tree maintenance

Pruning & hedge trimming

Stump grinding

Tree planting and replacement

Reporting & surveys

24-hour call out service

SOLUTIONS

We ensure the long-term health and safety of trees with GIS mapping and asset tagging to support planned maintenance throughout their lifecycle, helping our clients maintain compliant, attractive, and sustainable landscapes year-round.

Our highly skilled arboriculture experts are managed by part of our idverde family, Acorn Ltd

Biodiversity and Sustainability Solutions Provider

CHAMPIONING BIODIVERSITY IN YOUR COMMUNITY

At idverde, biodiversity is more than a commitment, it's embedded in everything we do. From enhancing informal green infrastructure in urban environments to managing Sites of Importance for Nature Conservation (SINC), we bring expert ecological insight to every project.

With decades of experience in green space management, our teams deliver practical, on-the-ground advice that results in real benefits for wildlife. We create bespoke management and maintenance plans that prioritise biodiversity gains, such as pollinator-friendly planting schemes, site-wide habitat enhancement, and targeted species support.

Our Biodiversity Action Plans (BAPs) are tailored to each site's unique ecology, enabling clients to meet both local and national biodiversity objectives. These plans are also designed to encourage community participation, from educational workshops to local volunteering, ensuring our environmental work fosters social value and long-term stewardship.

SUSTAINABILITY STARTS WITH US

We believe that sustainability should start from within. Many of our colleagues join idverde because of a shared passion for wildlife and green spaces, which naturally shapes a culture of environmental responsibility throughout our business.

We are proud to hold ISO 9001, ISO 14001, and ISO 45001 certifications, guiding our approach to responsible service delivery and continual environmental improvement. Our annual Environmental Impacts and Aspects Assessments ensure we remain aligned with evolving sustainability goals.

As part of our commitment to raising the bar, idverde is working towards B Corp certification, reflecting a business-wide dedication to balancing purpose and profit, making a positive impact for clients, communities, and the planet.

COMMUNITY ENGAGEMENT & GREENSPACE DEVELOPMENT

As the UK's largest green space contractor, idverde works closely with the communities where it delivers services, providing volunteering opportunities for local people and working hand in hand with local Friends Groups to make sure local parks can be enjoyed by everyone.

Biodiversity Net Gain

DELIVERING BIODIVERSITY NET GAIN

Supporting developers, local authorities, and landowners, idverde is your trusted partner for achieving measurable Biodiversity Net Gain. Our services help projects go beyond compliance to deliver meaningful, lasting improvements for nature.

We offer:

- Planting schemes for pollinators, including native wildflowers
- Targeted species management and broad site-wide biodiversity strategies
- Community engagement, CSR volunteering, and nature-based educational initiatives
- Biodiversity Action Plans tailored to your site
- Ongoing ecological monitoring and reporting
- Protected species surveys pre- and post-development
- Installation of bird boxes, bug hotels, bee hives, and wildlife shelters
- Toolbox talks and training for operatives on ecological best practice

From planning to aftercare, we support you in enhancing biodiversity at every stage of development.

Our RSPB Partnership

INSPIRING COMMUNITIES THROUGH NATURE: OUR RSPB PARTNERSHIP

Through our long-standing partnership with the RSPB, we bring nature conservation expertise directly into our service delivery. Our dedicated RSPB colleagues work alongside idverde teams to restore, enhance, and protect valuable green spaces, making a difference not just for biodiversity, but for people too.

This collaboration helps strengthen local ecosystems and encourages communities to engage with nature. Our work supports designated sites, community woodlands, and wildlife corridors across the UK.

Every year, we pledge £40,000 to support community-led environmental projects. Through our Greenspace Development Team, we also deliver over 100,000 hours of community volunteering and engagement, turning green spaces into places of connection, wellbeing, and shared pride.

Nature is in crisis.
Together we can save it.

Award Winning Excellence

idverde is proud to maintain over 120 Green Flag accredited parks and green spaces, a mark of the highest standards in landscape management in the UK.

Our commitment to excellence is regularly recognised through industry and community awards, giving our clients confidence in the quality and care of their environments:

Over 128 BALI Awards since 1991. Including multiple BALI National Landscape Awards in the last 3 years for outstanding grounds maintenance including for The Regent's Park and Manchester City Football Club.

With 120+ Green Flag Awards across the UK, these accolades celebrate excellence in green space management, recognising parks that meet top environmental standards and foster pride, biodiversity, and sustainability.

Repeated successes in local and national 'In Bloom' awards in partnership with community groups.

Partnership Led Service

Collaboration is at the heart of our approach, as are our people. We work closely with clients, stakeholders, and local communities to deliver grounds maintenance services that are responsive, inclusive, and aligned with long-term goals.

Our flexible service model ensures our teams deliver:

- Open communication with all stakeholders
- Active support for community involvement
- A customer-focused, adaptive delivery model

WORK SAFE. HOME SAFE

Safety is not just about compliance, it's part of our culture, there is no higher priority than keeping our colleagues, our customers and members of the public safe.
